## CELEBRATING 100 YEARS

Bailey Hats launched in 1922, so we are celebrating one hundred years as an iconic hat brand this year. This is a tremendous milestone, and we relish the opportunity to celebrate a century of Bailey craftsmanship, style, sophistication, and exquisite product with our customers throughout the world.

Our Bailey products are created to elevate the spirit and heighten each person's unique experience. Our products make a bold statement, crafted for the connoisseur, the adventurer, the seeker. As we usher in a new century of innovative design, we look both to the past and to the future for inspiration, embracing Bailey's rich heritage with an eye always focused on our external world.

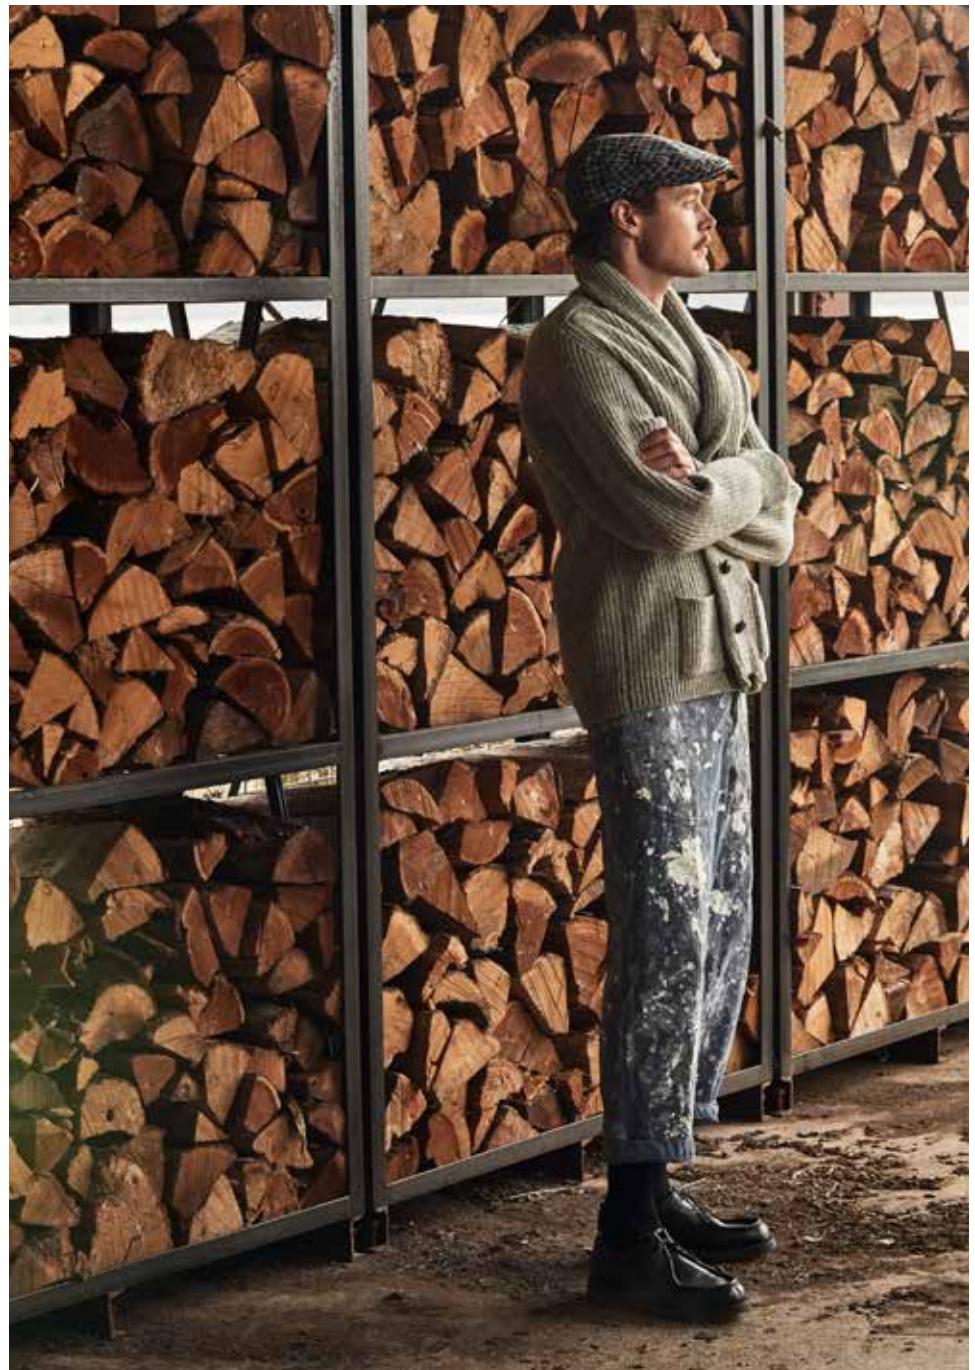

Our newly launched Bailey Outdoors Collection presents an assortment of products geared towards dressing in our new world, and for every moment in a person's life. It includes some new unique LiteFelt® styles, as well as a group of modern cut and sewn products. We are also introducing a new knit collection.

Happy 100 years to Bailey 1922! May we travel forth into another century with inspiring Bailey products that support you to wander, to explore, to connect and to ride forth with all that is around you.

## PANAMA

The Panama hat is a luxurious, lightweight and natural straw hat that is woven in Ecuador. The hats are made from natural and biodegradable fibers that come from the Toquilla plant and can take from weeks to months to weave one hat, depending on the Grade. They are blocked and finished in the USA with a passionate focus on making exquisitely crafted items that will stand the test of time.

## RAINDURA®

A revolutionary, thermosetting yarn is hand woven inside a paper fiber straw hat body. The hat is then blocked and treated with an ultra light yet extremely effective water repellent coating. The result is the most durable, shape retentive, water repellent paper straw hat on the market. Let it rain!
